Re: Co-living Appraisal – Lot 2314 Foreshores Drive, Donnybrook, VIC 3064

Thank you for considering Certainty Property to manage your co-living property. We trust that you will find our unique offering compelling as you select a co-living manager.

Appraisal

Based on the floor plan provided it's my view that you would achieve approximately \$1680 - \$1800 per week in gross rent. This assumes the property is reasonably furnished and listed at the current market rents.

Room 1 – 6: \$280 - \$300 week

This assumes that the rooms are furnished with our furniture package.

Our rent guarantee

Under Certainty Property's rent guarantee, we will ensure that you always receive at least 75% of maximum gross rent. That is, if gross rent is below 75% of what you would have received if the co-living property were at full occupancy, we will pay the difference ourselves. In the case of a four-bedroom co-living property, this means we underwrite a minimum of three out of the four rooms.

Our rent guarantee means that we share some of the risk associated with vacancies and arrears, and means we have a strong financial incentive to make sure that your co-living property is fully occupied with minimal rental arrears.

Certainty Property has strong experience in offering meaningful rent guarantees as the only residential property manager in Australia that offers a rent guarantee that covers vacancies, arrears and falling rents.

The rent guarantee is based on the actual rent achieved and so is a genuine market rent and commences once the property is fully occupied. Of course, we pass through rental increases, so you always receive market rent or better.

Our fee structure

Full-service co-living property management: 8.9%

Leasing fee: 2 weeks rent

Advertising fee: \$200 per lease

Please refer to the management agreement and rent guarantee annexure for the full terms of the guarantee and fee schedule.
